# Summer Theatre

## Workshop Structure

Each week children will explore different aspects of the performing world by learning and practising drama skills using different themed stories as inspiration. Activities are engaging and challenging, and focus on providing children with a sense of achievement and a boost of creativity and confidence. Most importantly, our workshops are designed to be fun and enjoyable for all! Photographs and a mid-week report will be emailed to parents. Subject to government guidelines, each child can invite a guest to an end of week open session where children will share their learning.

## New Content Each Week

Younger actors will focus on developing confidence using the actor's tools – the voice, body and imagination. Older actors will build upon this foundation with more complex and challenging drama skills to become more skilled performers. Scripts and themes will vary from fresh adaptations of famous stories to original, devised stories and are chosen each week with our actors in mind!

## Performance Skills & Knowledge

- Expressive use of voice and vocal projection
- Creative physical movement and ability
- Being in the moment and stage awareness
- Understand different points of view and empathy
- Appreciate and understand different styles, genres, practitioners and more from the wonderful world of theatre!

**Ages**  
**6 - 14**

# Creative Writing

## Workshop Structure

Our small group courses run Monday to Friday and aim to unlock the potential of our young writers with a series of exciting writing challenges. Each day students learn different writing techniques, genres, literary tropes and more. By the end of the week, each child will build their own portfolio of work to share with parents.

## New Content Each Week

Each week our writers will have new themes to inspire them. For all ages, we encourage our writers to express and develop their own ideas and stories. For younger writers we use structured schemes of work to support their writing. For older writers we present a more challenging set of exercises and explore sophisticated themes. All of our writers receive plenty of verbal and written feedback in a small group setting.

## Writing Skills & Knowledge

- Confidently express themselves through writing
- Understand and use new writing techniques, genres and styles
- Support and enhance existing good writing practices
- Be empowered to make strong creative choices
- Experience a supportive learning environment with positive feedback

**Ages  
8 - 15**

# Musical Theatre

## Workshop Structure

Our week-long musical theatre workshops are a great way for those interested in singing, dancing and acting to hone their skills to become triple-threat performers. Throughout the week, members will learn how to become familiar with their voice and vocal range, act out parts of a script and song, and learn choreography. This will all culminate in an open session at the end of the week where family and friends can enjoy a small musical performance, subject to government guidelines. Alternatively, a video will be filmed and emailed to parents.

## New Musical Numbers Each Week

Each week we choose from a great list of great musical numbers to perform. Songs for our younger age groups could come from a range of musicals such *Matilda the Musical*, *School of Rock* and more. Older age groups will get to look at more challenging pieces from modern musicals such as *Mean Girls*, *SIX*, *Legally Blonde*, *Dear Evan Hansen* and more.

## Performance Skills & Knowledge

- Learning about vocal range and breath support
- Singing in character and voice acting
- Learning group and solo choreography
- Using movement and dance to express emotion
- Staying focused whilst performing and maintaining character consistency
- Working successfully with peers in a creative ensemble
